PROJECTS / OPEN-SOURCE

Responsive Portfolio Website

HTML, CSS, JAVASCRIPT

A responsive portfolio website using HTML, CSS, JavaScript and React is a interactive and visually appealing web application designed to showcase an individual's or a professional's work, projects, skills, and achievements. This type of website is intended to be accessible and usable across various devices, including desktops, tablets, and smartphones, ensuring a seamless user experience regardless of the screen size.e

News Website

HTML, CSS, JAVASCRIPT

A News website created using HTML, CSS, and JavaScript is a dynamic and engaging platform that delivers up-to-date news and information to its readers. It provides a user-friendly interface for browsing through various news articles across different categories, offering a seamless experience on multiple devices.

Responsive Blog Template

HTML, CSS

A responsive blog template created using HTML, CSS, and JavaScript is a versatile and visually appealing web design that adapts to different devices and screen sizes. It serves as a foundation for bloggers to share their thoughts, ideas, and stories with a broader audience.

Ecommerce Website Template

HTML, CSS, JAVASCRIPT

I designed, developed, and launched "**ShopKaro**," an innovative ecommerce website template created using HTML, CSS, and JavaScript.
